### Instructions For Racks, (WR1-WR2-WR3) PATENT PENDING

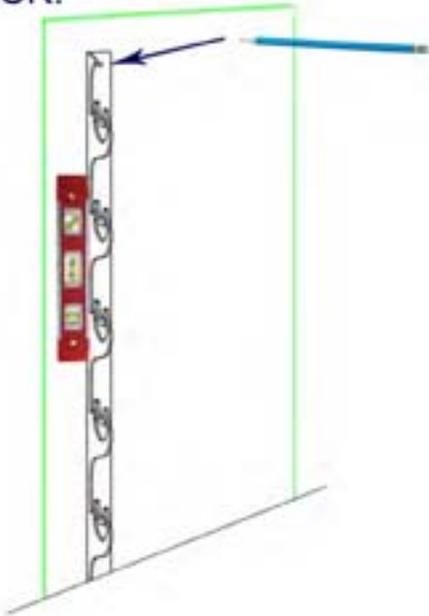

#### REQUIRED TOOLS:

Phillips Head Screw Driver  
Level  
Pencil  
Tape Measure  
Drill and 5/16" (8 mm) drill bit  
Gloves

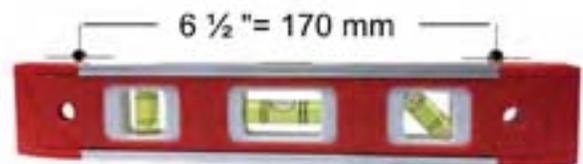

#### INCLUDED PARTS:

Universal Anchor  
Screws  
Snap-Caps

1) Hold the left RACK vertically, using a magnetic level positioned on the left, mark all the holes in the RACK.

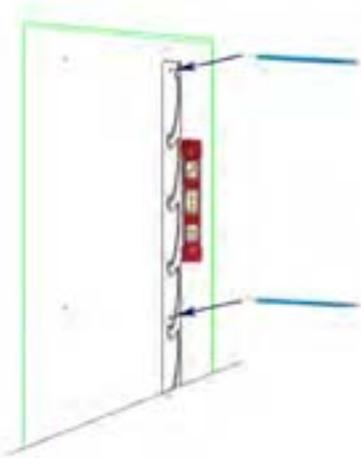

2) Hold the level horizontal, place it on the upper mark already made in the hole, make a second mark to the right, at a distance of 6 1/2" = 170 mm.

#### Note:

If installing racking for 750ml wine bottles, please adjust the centerline dimension between the base and neck rack. Modify this dimension as appropriate for the actual bottle size you have to ensure that less than 1/3 of the base of the bottle overhangs the base rack and the bottle will not fall between the racks when the shoulder of the bottle rests against the neck rack.

3) Hold the right RACK vertically, using the Magnetic level, position it on the right, keep the RACK on the mark already made, mark the remaining holes.

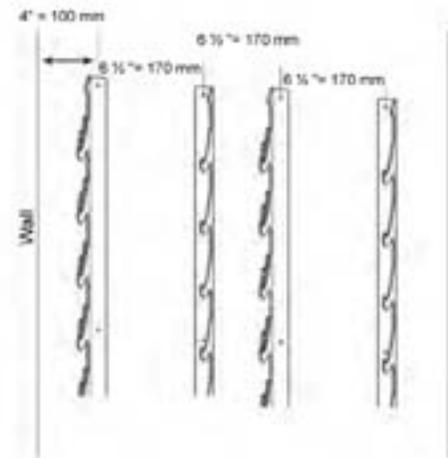

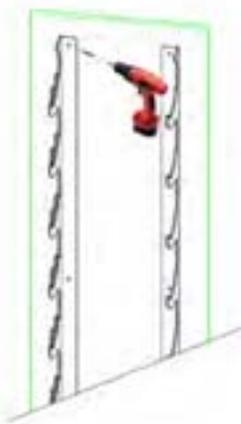

4) Drill with a 5/16" tip = 8 mm in The marked points, insert the PVC plugs.

6) When placing the next set of RACKS next to each other you must place them at least 6.5" = 170mm apart. The Racks also need to be placed at least 4" = 100mm from the edge of the wall.

5) Position the two RACKS on the plugs, fix them well with the appropriate screws and covers.

## WARNING

Use two or more people to move, assemble and/or install rack to avoid injury.

Do not leave children unattended near rack.

Install the rack on a sturdy surface with appropriate fasteners. If the rack is loose do not place bottles on rack until rack is securely fastened to wall.

High risk of tipping or falling exists if the rack is not installed correctly.

Use the rack for its intended purpose only, the storage of bottled beverages. Never allow anyone, including children, to sit, stand or climb on the rack. Doing so may cause damage, serious injury or death.

Failure to follow guidelines for installation may result in damage, serious injury or death. Di Prima USA, LLC is not responsible for damage, injury or death caused by improper installation or improper use of the rack.
